

Dear Sunoco retiree:

Delta Dental is pleased to offer and administer the dental plan for Sunoco retirees.

Each year, Delta Dental reviews the Sunoco retiree dental plan to determine potential cost savings to your out-of-pocket costs.

To keep the plan affordable for you despite the economic climate, the benefit copayment levels for services provided by Delta Dental Premier[®] or non-participating dentists have changed. With this change, you will still be able to visit any dentist and receive applicable benefits. However, you can maximize your benefits and save most out-of-pocket when you visit a Delta Dental PPOSM dentist.

The following table shows the benefit copayment levels effective January 1, 2011:

Services	Delta Dental PPO Dentist	Delta Dental Premier or Non-Participating Dentist
Diagnostic	100%	100%
Preventive	100%	100%
Basic Restorative	80%	60%
Oral Surgery	80%	60%
Endodontics	80%	60%
Periodontics	80%	60%
Major Restorative	50%	40%
Prosthodontics	50%	40%
Denture Repair and Relining	80%	60%
Deductible (Diagnostic and Preventive services are exempt from deductible)	\$50 per person not to exceed \$150 per family per contract year	\$75 per person not to exceed \$225 per family per contract year
Annual Maximum	\$1,500 per person per contract year	\$1,000 per person per contract year

In addition, monthly rates will be increased for the 2011 plan year:

Enrollment Type	Monthly Rates
Retiree only	\$41.14
Retiree and One Dependent	\$78.99
Retiree and Family	\$118.38

If you have any questions regarding your dental plan, please contact Delta Dental at 800-932-0783.

Sincerely,

Delta Dental

BENEFIT HIGHLIGHTS FOR DELTA DENTAL PPOSM

Delta Dental offers you what no other dental plan can – The Delta Dental DifferenceSM. Here's what makes us a leading provider of dental benefits:

- **Exceptional Cost Savings** – Our networks protect enrollees from balance billing and prevent dentists from charging more by “unbundling” services that should be billed as one service. Your costs are usually lowest when you visit a Delta Dental dentist.
- **Guaranteed Coinsurance/Copayment** – Delta Dental dentists agree to accept our determination of fees. They won't balance bill over Delta Dental's approved amount.
- **Professional Treatment Standards** – Delta Dental reviews utilization patterns and office practices to ensure that Delta Dental dentists meet professional standards for safety and quality of care.

The Delta Dental PPO program allows you the freedom to visit any licensed dentist, including a dentist from our Delta Dental Premier[®] indemnity network. However, there are advantages to visiting a Delta Dental PPO network dentist instead of a Premier or non-Delta Dental dentist. Consider the information below:

IN-PPO NETWORK	OUT-OF-PPO NETWORK
DELTA DENTAL PPO DENTISTS	DELTA DENTAL PREMIER [®] DENTISTS & NON-DELTA DENTAL DENTISTS
You will usually pay the lowest amount for services when you visit a Delta Dental PPO dentist. PPO dentists agree to accept a reduced fee for PPO patients.	You are responsible for the difference between the amount Delta Dental pays and the amount your non-Delta Dental dentist bills. You will usually have the highest out-of-pocket costs when you visit a non-Delta Dental dentist. Premier dentists may not balance bill above Delta Dental's approved amount, so your out-of-pocket costs may be lower than with non-Delta Dental dentists' charges.
You are charged only the patient's share* at the time of treatment. Delta Dental pays its portion directly to the dentist.	Non-Delta Dental dentists may require you to pay the entire amount of the bill in advance and wait for reimbursement. Premier dentists charge you only the patient's share* at the time of treatment.
PPO dentists will complete claim forms and submit them for you at no charge.	You may have to complete and submit your own claim forms, or pay your non-Delta Dental dentist a service fee to submit them for you.** Premier dentists will complete claim forms and submit them for you at no charge.

Standard Limitations and Exclusions

Limitations

- Full mouth x-rays and panorex x-rays accompanied by bitewing x-rays are limited to once in any 3-year period.
- Bitewing x-rays are limited to once twice in any 12-month period.
- Periodic examinations of the full mouth are limited to twice in any 12-month period.
- Prophylaxis and fluoride application may be performed either together or separately.
- Prophylaxes are limited to twice in any 12-month period.
- Fluoride applications as a benefit are limited to twice in any 12-month period up to age 19.
- Sealants are a benefit limited to age 14 once in any 36-month period on unfilled permanent first and second molars.
- Space maintainers are a benefit up to age 14.
- Replacement of restorative crowns, inlays and onlays is a benefit once only in any 5-year period irrespective of who provided previous restoration or paid benefits therefore.
- Replacement of an existing denture will be made only if it is unsatisfactory and cannot be made satisfactory. Services which are necessary to make such appliances fit will be provided in accordance with the Group Dental Service Contract.
- Prosthodontic appliances and abutment crowns will be replaced only after 5 years have elapsed following any prior provision of such appliances and abutment crowns under any plan procedure.
- Benefits for specific oral surgery procedures, such as the reduction of fractures, removal of tumors, and removal of impacted teeth, which are benefited under a medical insurance contract or a medical or hospital service contract for which premiums are paid by the Plan Administrator by which you are covered shall be determined first under that contract. Delta Dental's obligation for these oral surgery services shall be limited to the difference between benefits paid under the other contracts up to the Allowed Amount for the procedure less the applicable deductible and patient copayment. When coverage is not paid for by the Plan Administrator or there is no medical or hospital coverage, Delta Dental's obligation shall be subject to coordination of benefits or limited to the Allowed Amount for the procedure less the applicable deductible and patient copayment.
- Benefits for periodontal surgery in the same quadrant are limited to once in any 5-year period. The 5-year period shall be measured from the date on which the last periodontal surgery was performed in that quadrant, whether paid for under the provisions of this Contract, under any prior dental contract, or by you.
- Dental benefits may be based on the least costly treatment that conforms to generally accepted dental practice.

Exclusions

- Services or supplies which are provided to patient by any federal or state government agency or by any municipality, county, or other political subdivision.
- Charges for which benefits or services are provided to the patient by any hospital, medical or dental service corporation, any group insurance, franchise, or other prepayment plan for which an employer, union, trust or association makes contributions or payroll deductions (unless the coordination of benefit provisions provide otherwise).
- Charges for dental practice administrative services including but not limited to preparation of claims, any non-treatment phase of dentistry such as provision of an antiseptic environment, sterilization of equipment or infection control, or any ancillary materials used during the routine course of providing treatment such as cotton, swabs, gauze, bibs, masks or relaxation techniques such as music.
- General anesthesia, except with covered oral surgery procedures of one or more simple extractions and/or with surgical extractions for patients under age 19; and except with three or more simple extractions and/or one or more surgical or impacted extractions for patients age 19 and over.
- Composite restorations in molar posterior teeth. If posterior composite restorations are provided on molar teeth, Delta Dental will pay the allowance for an amalgam restoration and the patient will be responsible for the additional cost.
- Procedures to correct congenital or developmental malformations except for dependent children or newborn children eligible at birth.
- Treatments or devices that increase the vertical dimension of an occlusion, restore an occlusion to normal, replace tooth structure lost by attrition or erosion, or otherwise.
- Treatments or supplies primarily for cosmetic purposes.
- Services provided or supplies furnished or devices started prior to the effective eligibility date of a patient.
- Preventive plaque control programs, including oral hygiene programs.
- Periodontal splinting, equilibration and gnathological recordings.
- Myofunctional therapy.
- Temporomandibular joint dysfunction, unless covered under the group contract.
- Replacement of existing restorations for any purpose other than restoring active carious lesions or demonstrable breakdown of the restoration.
- Prescription drugs, pre-medication, analgesias, and general anesthesia, unless covered under the group contract.
- Treatment or supplies for which the patient would have no legal obligation to pay in the absence of this or any other similar coverage.
- Experimental procedures which have not been accepted by the American Dental Association.
- Orthodontic services, including tooth guide appliances
